

Evan Hopper-Moore

Cell: (541) 521-5935 | hopperme@oregonstate.edu
530 Empress Ave, Eugene OR 97405

Work Experience

Palo Alto Software Internship

(Summer 2018 and 2019)

Worked with the web development team at Palo Alto as an intern for two Summers. Responded to tickets on Jira and addressed issues in Javascript, PHP, and SCSS.

University Of Oregon Internship

(June 2017 - September 2017)

Acted as full-stack web developer intern designing and implementing the website for the FastTraq project which lets users create bike routes using Google Maps API, Django, AWS, and MySQL.

ShoeBio Core Developer

(December 2017 - June 2018)

Collaborated with the OSU student created company ShoeBio. Prototyped the web scraping backend from the ground up, scraping over 100 vendors to get shoe prices across the market using Python and AWS.

South Eugene Robotics Team

(September 2013 - June 2017)

FRC Team member and part of the software development subteam working in Java, Javascript, and Python.
